

Before you use your company's exclusive discounted ticket code, make sure you know the simple "5 Step Purchasing Process":

1. Log onto **www.ragingwaters.com** and select the **San Dimas** location.
2. Along the top of the page are several dropdown options, select **Corporate Tickets**.
3. On the next page you will see a box that says, "**Purchase Online, Corporate Sales**", click on that.
4. Once you have clicked on the "Purchase Online, Corporate Sales" box, a new window will open. Input the number of tickets you would like to purchase. Once you have done so, click on **Add to Cart**.
5. The next window will show you how many tickets you have selected and your total. Before clicking on the checkout tab, you must enter your discounted ticket code in the blank box. Once you have done so, click on **Apply** and your cart will be updated, reflecting your new discounted ticket price. You are now ready to proceed; click on the **Checkout** tab to pay for and receive your tickets.

Should you have any further questions, please contact your company representative and they will be able to assist you.

Thanks.
